Dear Rep. Berry:

I am happy to inform you that the Missouri Chamber PAC, the political action committee affiliate of the Missouri Chamber of Commerce and Industry, has announced its support of your candidacy in the 2016 Missouri General Election.

After reviewing the qualifications and positions of the candidates in this race, we have concluded that you are the pro-business candidate that voters can enthusiastically support.

Your stance shows that you would make a positive impact in Missouri's Legislature to maintain and improve the business climate in our state. Positioning Missouri to nurture and attract a talented workforce, invest in infrastructure, and compete for jobs are important issues if we hope to ever have a competitive economic advantage in Missouri.

In addition to our endorsement, we are extending an opportunity for you to come into our office to video tape a message that we can post on the Missouri Chamber PAC Election Action Center. To take advantage of this opportunity, please contact Jacob Luecke at 573-634-3511 or by email at jluecke@mochamber.com, and he will arrange a time when you can visit our studio in Jefferson City to tape your message.

As Missouri's largest statewide business organization, representing more than 50,000 employers together with the Missouri Chamber Federation, we appreciate your commitment to promote and protect free enterprise in the state of Missouri.

Sincerely,

Daniel P. Mehan
Deputy Treasurer
